Pharmacy Services

Retail Prescription Card Program

Through a nationwide network of pharmacies, MSC offers FirstComp discount pricing and quick, convenient access for the injured worker to his or her needed medications. In addition, MSC provides superior customer support and responsiveness to participating providers. MSC has provided FirstComp with a dedicated team of patient care coordinators who service all associated injured workers'.

The many advantages of the MSC prescription card program include:

- No out-of-pocket expense for the injured worker
- A customizable workers' compensation-specific formulary
- Advanced EDI capabilities
- Automatic card deactivation
- Detailed, customizable bill/analysis reports monthly
- Point-of-sale electronic DUR edits that capture immediate savings for our clients

• First Fill Program

Utilized prior to First Notice of Injury Report being filed with FirstComp.

Allows for no out-of-pocket on the first transaction while claim is being set up with FirstComp.

Captures the discount and applies First Fill DUR edits.

Improves overall network penetration through early intervention thereby reducing the number of transactions passed on to third party providers.

How Does the Program Work?

This program allows the claimant/injured worker who has been given a card to have their prescription medications filled at a participating retail pharmacy.

Key Points--57,000 pharmacies participate nationwide, No out-of-pocket expense for the injured worker

Individual cards can be restricted to the following:

- Drug Specific
- Doctor Specific
- Pharmacy Specific
- First Choice Rx - First fill program
- EDI capabilities allow for daily/hourly exchange of claims data, on-line web authorization and electronic billing and payment functionality.
- Reports on activity and cost containment available monthly/quarterly or as requested - no charge. EDI customers may access these reports on-line through our secure website.

Home Delivery Pharmacy Service

Mail-order prescription services are also provided from the MSC on-site pharmacy located in our home office. Each and every member of our home delivery pharmacy team is experienced with the evolving needs of the workers' compensation industry. Our professional staff of licensed pharmacists and certified pharmacy technicians work diligently to ensure accurate and timely delivery of medications directly to your injured workers' front door.

MSC Pharmacy Services Summary

Whether utilizing MSC's home delivery service or retail card prescription program, your injured worker's drug profile will be thoroughly reviewed by the MSC professional pharmacy staff for the following:

- Duplications of therapy
- Unauthorized physicians
- Prescriptions for medications unrelated to the workers' compensation injury
- Premature refills
- Excessive dosages
- Drug-to-drug interactions
- Generic substitution enforcement
- Prescription cost in excess of established limits
- Inappropriate use of controlled substances (including utilization of multiple pharmacies and/or multiple physicians)
- Stepped-care therapy
- Over – or under-utilization
- Off-label usage of medications
